Dragon Drawing Game

Equipment

- Blank cards
- dice
- paper
- pens/pencils

How to Play

The aim of the game is to be the first person to draw a complete dragon. Each dragon part can only be drawn once the corresponding number has been rolled on the dice.

-  = the dragon's body (x1)
-  = the dragon's horns (x2)
-  = the dragon's mouth (x1)
-  = the dragon's legs (x4)
-  = the dragon's eyes (x2)
-  = the dragon's head (x1)

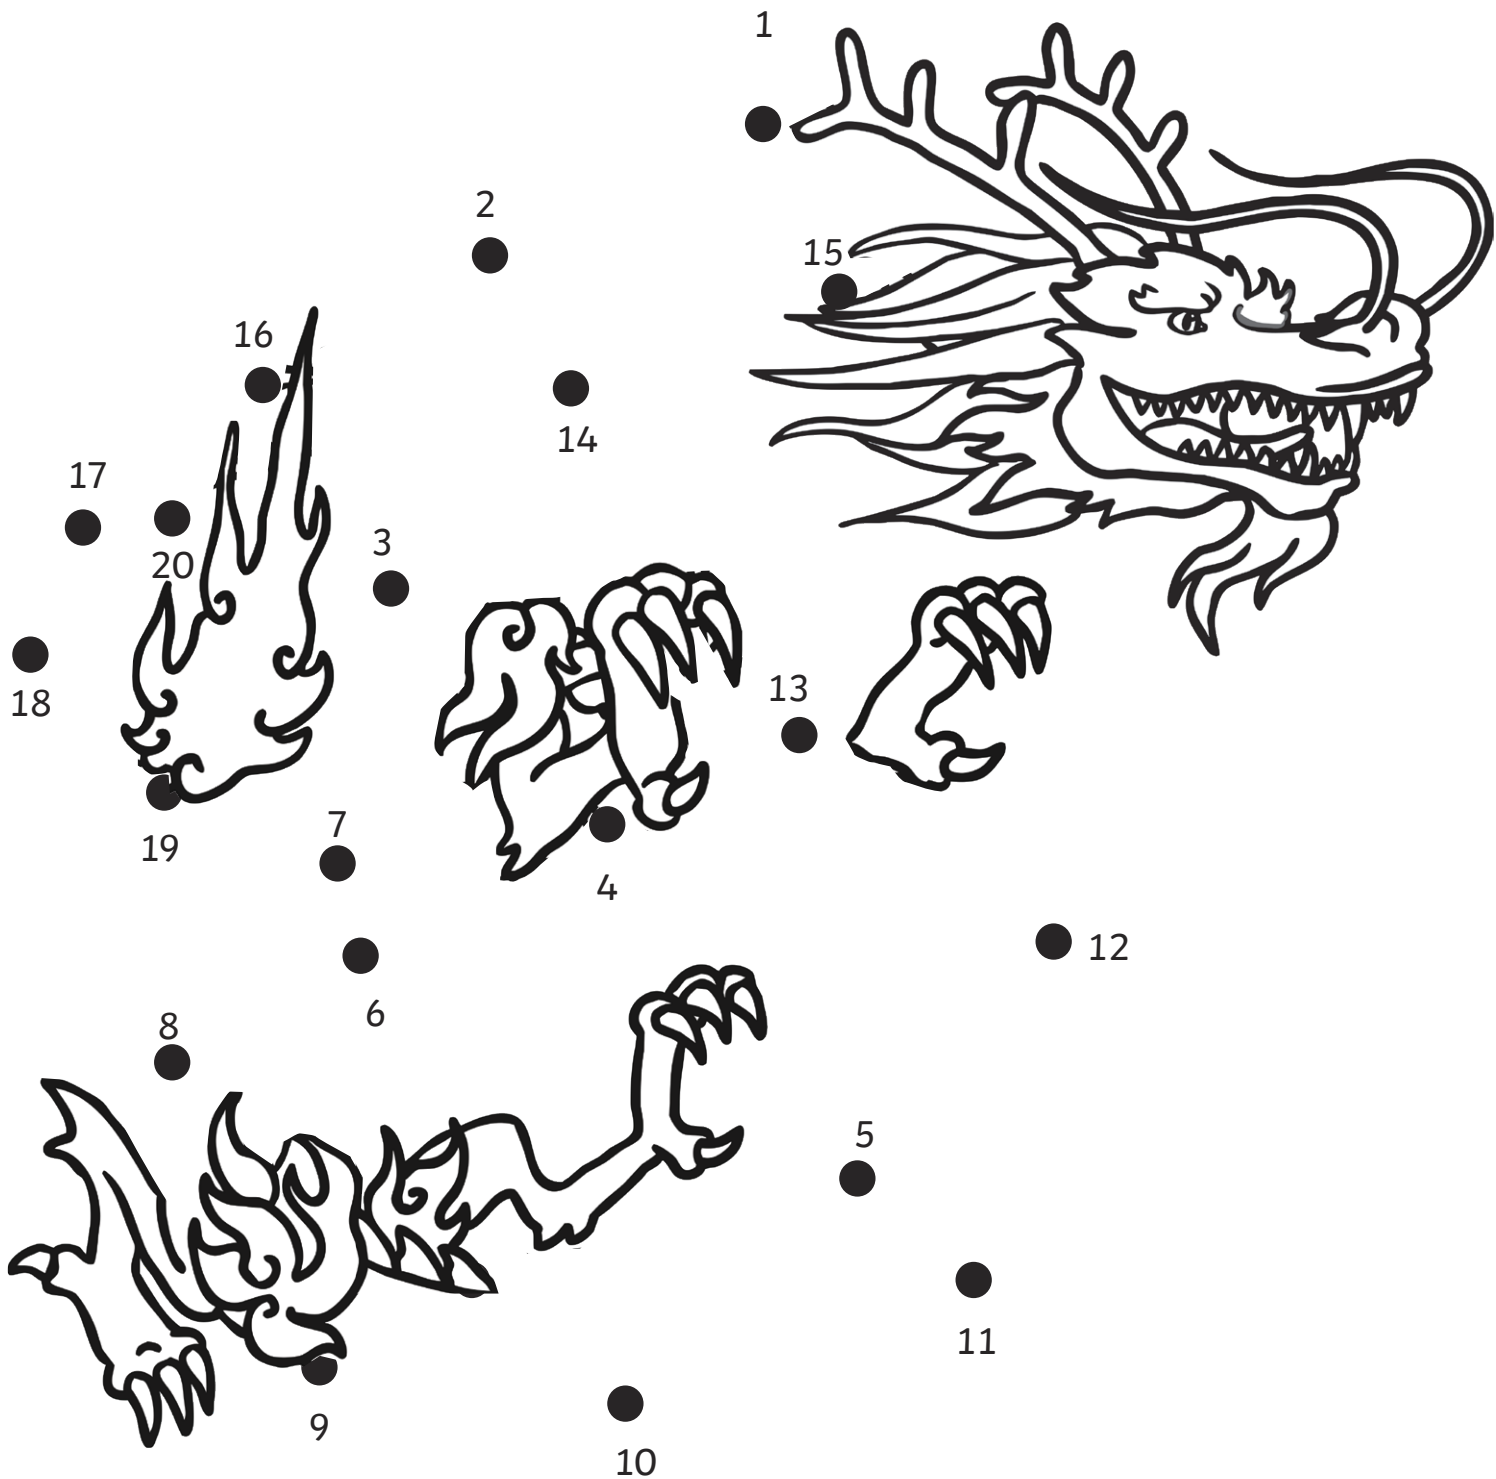

1. Take it in turns to roll the dice.
2. You must roll a 6 for the dragon's body before you can draw any other body parts.
3. Cross out each number/body part as you roll that number.
(Note: some numbers will need to be rolled up to four times.)
4. The winner is the first player to draw a complete dragon.

red, orange and yellow tissue paper (cut into 15cm x 2cm strips)

sticky tape

white glue
